KAIZEN ENGINEERING WORKS

ABOUT US

Kaizen Engineering is a pioneer name in the field of Manufacturing and Designing of Disc brake pad manufacturing Machines start from raw material to finished goods. Refrigeration and air conditioning heat exchanger manufacturing machines we have been in the manufacturing sector far over 15 years. The Company is growing at a drastic pace under the leadership of **Mr.Bheem Singh Yadav**. We are capable developing all machinery which is used to make Disc Brake pad for automobile industry start from Raw material to Finished products.

WHO WE ARE ?

Apart from manufacturing, we are a leading exporter of Disc brake pad making Machinery Refrigeration and air conditioning heat exchanger manufacturing machines And we have hydraulic Press capacity of 25 Tones to 1000 Tones. We have been engaged in this field for over 15 years and there for Emerged as a pioneer firm in this industry. We are an ISO 9001:2015 Certified Company and a leading Manufacturer of Plant Machinery & Tooling For Disc Brake Pad (Car, Two Wheeler & Industrial)

WHAT WE DELIVER

We design and manufacture wide range of Special Purpose Machines for Friction Products, Back Plate Degreasing Plant, Adhesive spray, Drying Oven Preforming, Heat moulding, Drilling machine for Brake Linings, Auto Id Grinding Machine, Auto OD Grinding Machines, Chamfering Machines, Hot Moulding Press, Multi Disc pad Grinding Machines, Multi Drilling Machines, Plough Shear Mixer, preforming press and Wear Indicator Machines, etc.

- Automatic Brazing machine
- Ring Inserting Machine
- Straight Tube Cutoff
- Return Bender Cleaning Machine
- Manual Bender
- Multiposition Tube End forming machine

OUR STRENGTH

Our team has been constantly strived and thus always put best efforts to equipped our laboratory with the most advanced testing and checking facilities for precision in every aspect of the job.

PLANT LOCATIONS

PLANT 1

PLOT NO 151-PHOULADPUR, TEHSIL
NEEMRANA NEAR JAPANESE INDUSTRIAL ZONE
DISTRICT-ALWAR
STATE-RAJASTHAN
DATE OF ESTABLISHMENT: AUGUST 2008

PLANT 2

PLOT NO-G124, RIICO IMPORT EXPERT
PROMOTION INDUSTRIAL PARK, NEEMRANA
DISTRICT-ALWAR
STATE-RAJASTHAN
DATE OF ESTABLISHMENT:NOV14-RAJASTHAN

PLANT 3

PLOT NO-63/2, VITHALAPUR TALUKA MANDAL,
DISTRICT-AHEMDABAD-382130
OFFICE ADDRESS: 13 & 14, SHAKTI COMPLEX, VITHALAPUR,
AHEMDABAD, GUJARAT

PLANT 4

PLOT NO 101 GHILOTH INDUSTRIAL AREA, NEEMRANA
DISTRICT-ALWAR
STATE-RAJASTHAN
STATUS - 15 OCTOBER 18

OUR PRODUCTS / SERVICES

Our Product Types

- Brake Pad & Brake Shoe Manufacturing Machines
- Refrigeration & Air Conditioners Heat Exchanger Manufacturing Machines
- Pollution control machines (Dust Collector, Wet Scrubber Machine)
- Hydraulic Press Machine 10 ton to 500 ton
- Hydraulic cylinder Parts
- Ovens
- Paint Shop and Powder coating Plant
- Disc Brake Assembly Line :
 - (a) Caliper Assembly Line
 - (b) Master Cylinder Assembly Line
- Special Purpose Machines:
 - (a) Hoining, Brushing, Washing, Leak Testing, Drilling, Cutting and Machinig SPMs
 - (b) Material Handling system
 - (c) Conveyors
 - (d) Inspection & Testing System

MAJOR CUSTOMERS

BRAKE SHOE MANUFACTURING MACHINES

OD Grinder

ID Grinder

**Brake Shoe
Clamping Machine**

Brake Shoe

Side Grinder

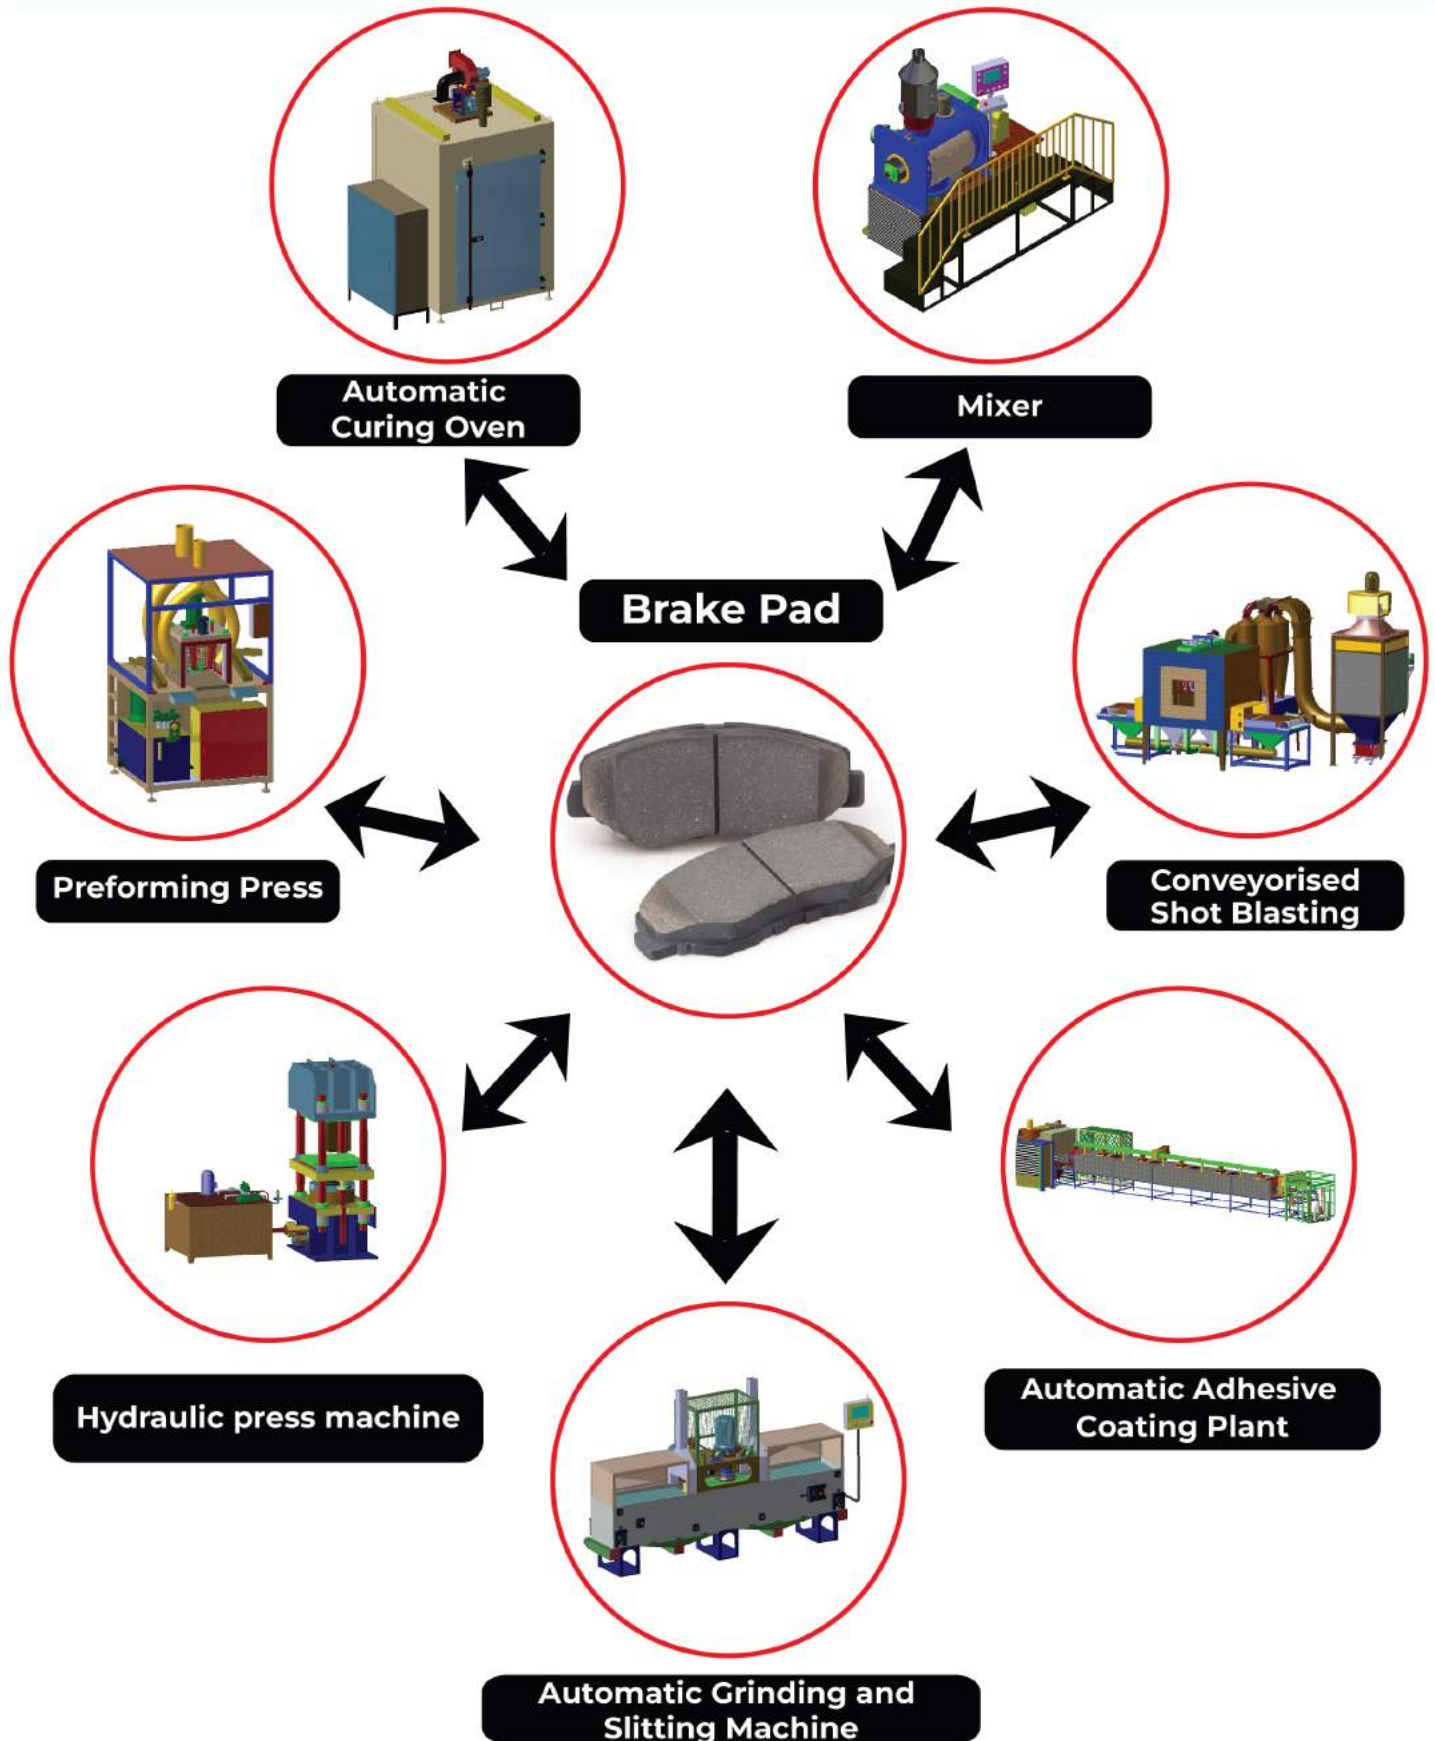

MultiCutter

**Brake lining adhesive
application machine**

DISC BRAKE PAD MANUFACTURING MACHINES

DIFFERENT TYPES OF OVEN

Powder & Paint
Coating Curing Oven

Baking Oven

Conveyorsied Oven

Batch Oven

MATERIAL HANDLING SOLUTION

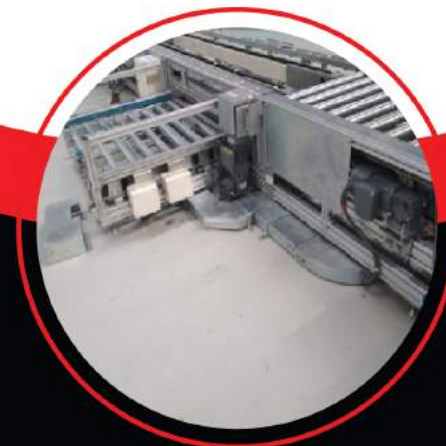

Heavy Duty Die Rack

Overhead-Conveyor

Hydraulic Conveyor

Conveyor

Trolley

POLLUTION CONTROL MACHINES

Wet Scrubber

Dust Collector

SURFACE FINISHING MACHINES

Conveyor type
shot blasting

Pressure shot
blasting Machine

Paint Shop

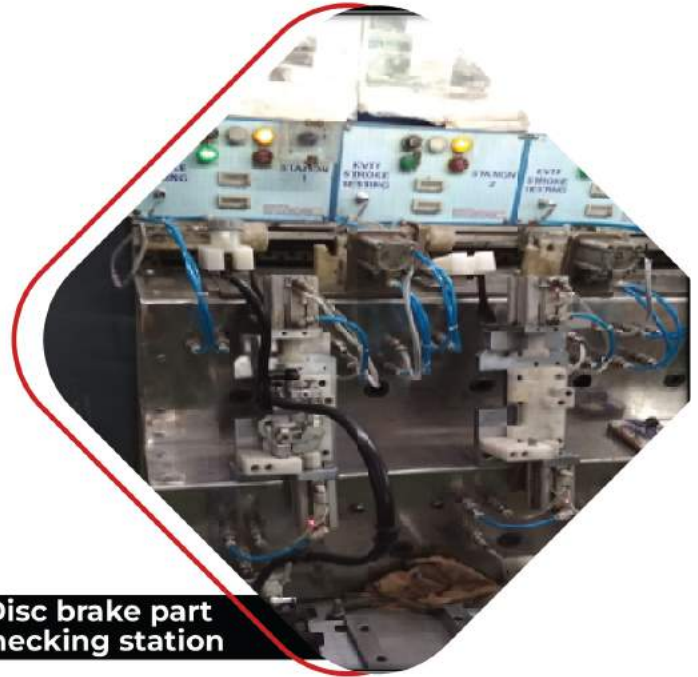

Powder Coating Plant

SPECIAL PURPOSE MACHINES

Washing Machine

Disc brake part checking station

Leak testing Machine

Hoisting Machine
